## INVITATION FOR EXPRESSIONS OF INTEREST

Hengyi Industries Sendirian Berhad (HYBN) invites interested companies to submit Expressions of Interest (EOI) for the following work:

**Hengyi Industries Sdn Bhd – PMB Petrochemical Project Phase II: Geological Investigation & Dynamic Compaction Foundation Testing (Ref: XYFAHYWLKC2026001)**

### **Tender brief of work**

HYBN is seeking qualified vendors to provide **Geological Investigation & Dynamic Compaction Foundation Testing**. The scope of work includes:

- **Supplementary investigation content: Total quantity is 117 holes. One control exploratory hole CQ10 for supplementary investigation in the pre-plant area to supplement and complete missing information. Four exploratory holes HCT7, HCT22, HCT32, HCT88 for supplementary investigation in the proposed reclamation area, all of which are control exploratory holes. A total of 112 exploratory points in the slurry disposal area, including 34 control holes and 78 general holes.**
- **Phase II detailed investigation: Estimated total number of exploratory holes is approximately 3,900, including approximately 1,300 control holes and approximately 2,600 general holes. Due to the absence of a specific design detailed investigation layout drawing, this quantity is an estimate. The specific quantity shall be subject to the official design detailed investigation layout drawing. After the supplementary investigation work is completed, the remaining detailed investigation work shall be carried out only after the design institute issues the detailed investigation technical requirements and the detailed investigation layout drawing. Any costs incurred during the interim suspension period of personnel and equipment shall not be separately charged.**
- **Foundation testing: The trial dynamic compaction is divided into 13 compaction zones; the dynamic compaction testing totals 210 points.**
- **Site conditions: Pulau Muara Besar (PMB) has road transportation conditions. The mobilization of construction machinery, equipment, materials, and personnel, as well as accommodation, construction and domestic water and electricity supply, shall be resolved by the contractor themselves.**
- **Investigation standards: The relevant requirements of the "Code for Investigation of Geotechnical Engineering" (GB 50021-2001) (2009 Edition) and the "Specification for Geotechnical Engineering Investigation in Petrochemical Industry" (SH/T 3159-2019).**

#### **1. Contract Duration**

- 1 year

#### **2. Local Business Development (LBD):**

- The above work category falls under **HIGHLY SPECIALISED** Quadrant of the Local Business Development Directive for Oil and Gas Industry (LBD Directives), issued by the Department of Energy at the Prime Minister's Office.

Note : This Expressions of Interest shall not be deemed as an invitation to tender from HYBN. Any expenses incurred in connection with this EOI to be borne solely by the interested parties.

# HENGYI INDUSTRIES SDN BHD

*Excellence in developing Petrochemicals  
through pursuing Innovation and Business sustainability*

- Hengyi Industries Sdn Bhd LBD requirements are in line with the LBD Directives as issued by the Department of Energy at the Prime Minister's Office.
- Target for recruitment and development of qualified Bruneian staff, including graduates will be part of Tender / Contract.
